Smart Switches

spectre

## Switches

With its sleek and elegant design, Metis smart light and scene switches simplify your lives with their advanced functions.

## Dimmers

Set the mood by dimming the lights or even save on your energy bill by setting the light level according to the time of the day.

## Smart Button & Smart Knob

Far away from the wall switches and dimmers? Your phone is being charged? No problem! Smart Button and Smart Knob can help make your life even more comfortable!

# WiFi and Zigbee

Having both WiFi and Zigbee models, Metis is designed to cover the needs of various users.

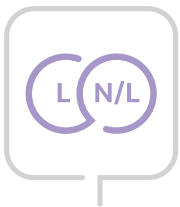

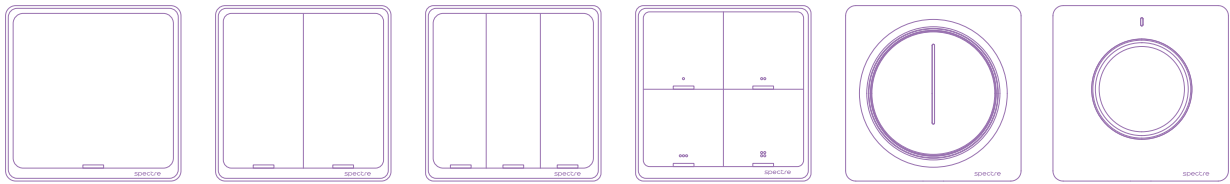

Powered by Tuya, all Metis products can be controlled via **Smart Life** or **Tuya Smart** home mobile applications from your smartphone.

## App Control

## Voice Control

## With/Without Neutral Wire

Metis is available for houses that already have neutral wire installed in their electrical switch wall box as well as houses and apartments that only utilize line wire for light switching.

## Mechanical on/off Button

A combination of retro and modern craftsmanship, the buttons on Metis products are mechanical push buttons.

## App Control

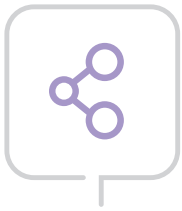

Powered by Tuya, all Metis products can be controlled via Smart Life or Tuya Smart home mobile applications from your smartphone.

## Voice Control

Control the Switches and Dimmers with voice commands using Amazon Alexa or Google Assistant.

## Group Control

Create desired product groups and control them with only one command.

## Dual Color Locator LED

Dual color locator LEDs show the status of the switch or dimmer with a glance as well as helping you find your way in the darkness.

## Zero-crossing protection

Zero-crossing protection feature makes the product start its operation when close to 0 volts in AC sine wave. This will ensure seamless operation without any damage to the connected apparatus.

## Programmable

Program your Metis products to beat to the rhythm of your personal routine and needs.

## Button Lifecycle

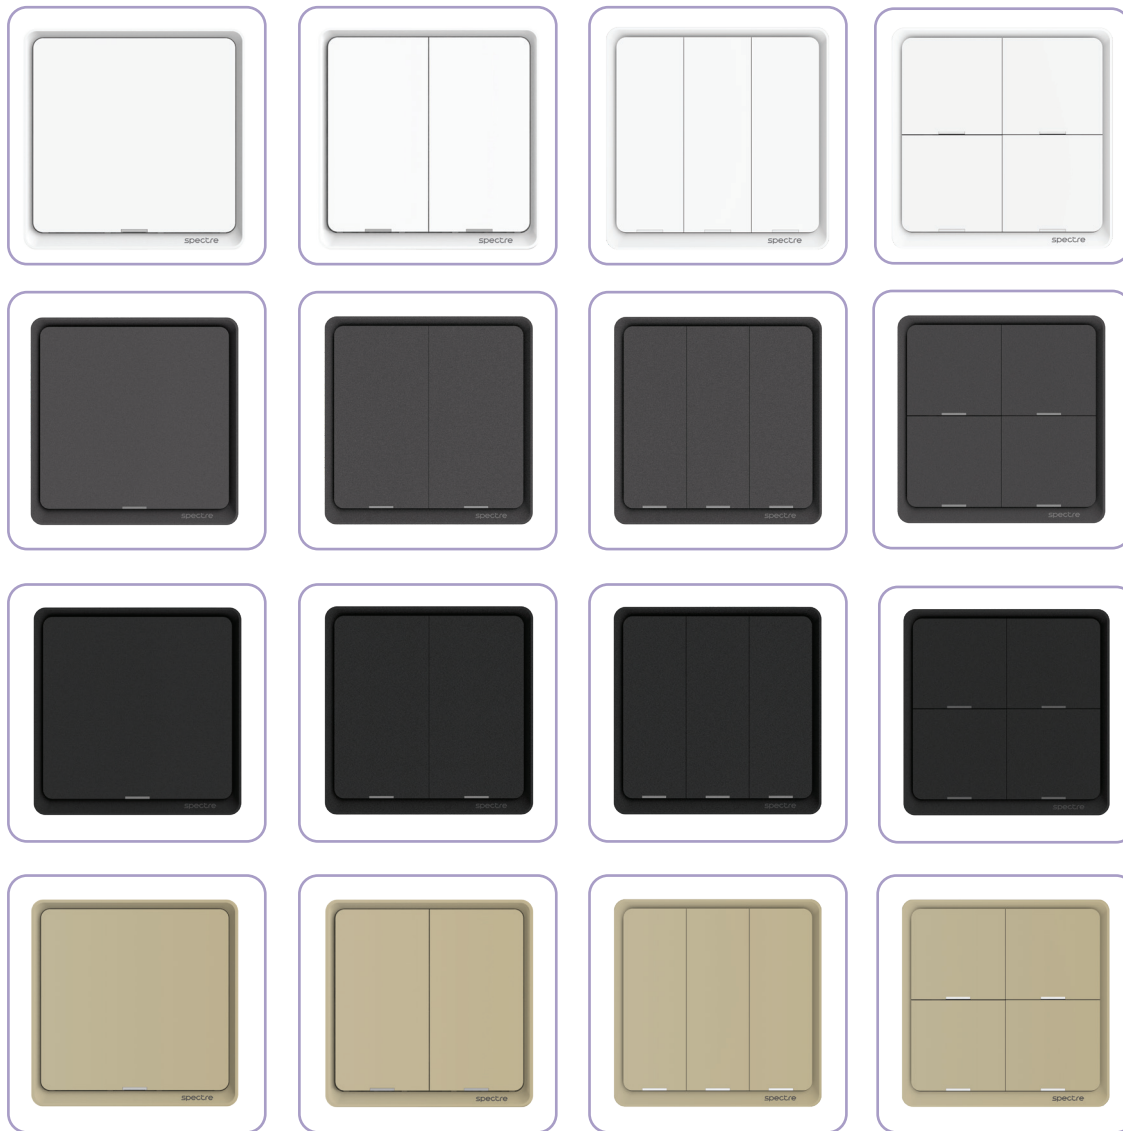

Use of the best quality materials guarantees 500,000 on/off cycles that equals to decades of operation.
